MULTI-SPORT NET

Features:

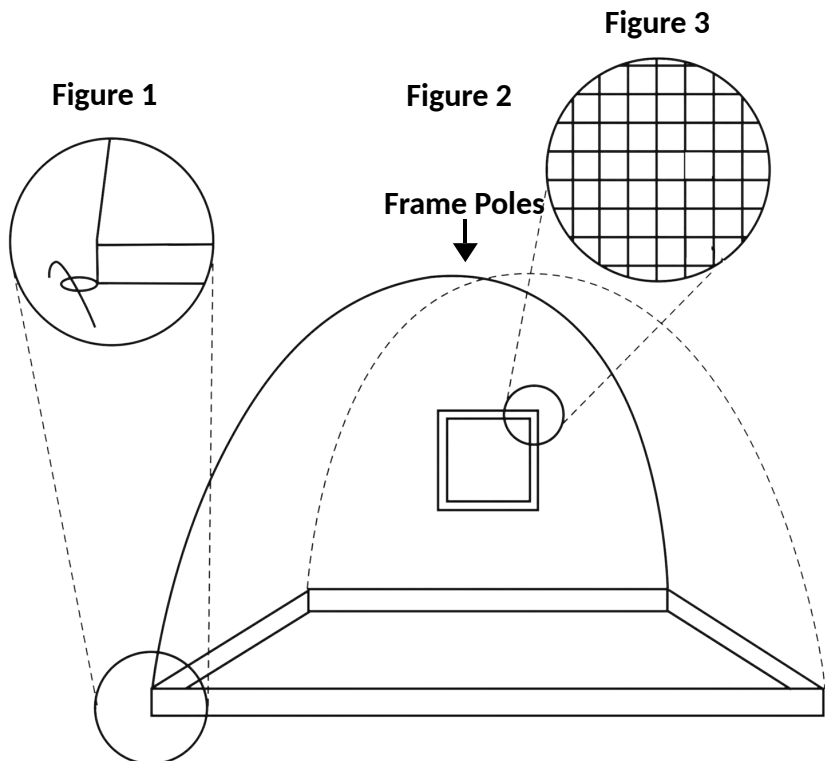

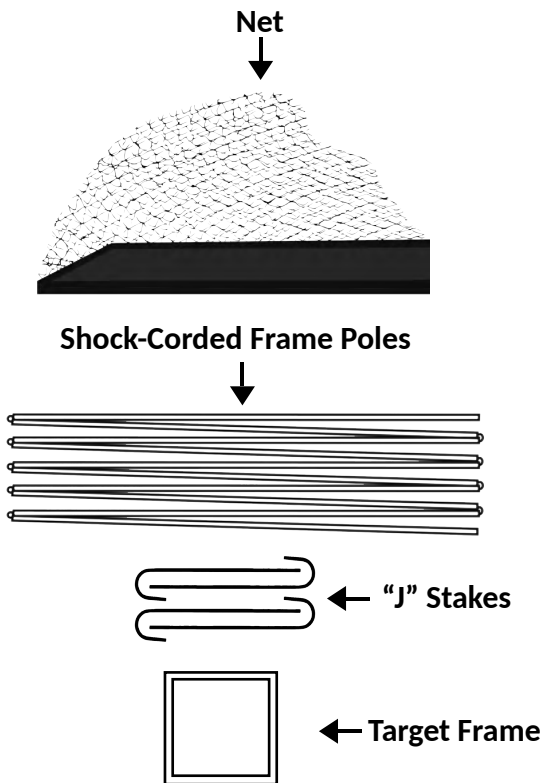

- Oversized multi sport net
- Versatile design is great for many different training activities
- Nylon carrying case
- Net is easy to set up and take down
- 7'H x 11'W x 5'D

Instructions:

Take your team's training session on the go with the Champion Sports Multi-Sport Net.

1. Layout and position the net.
2. Stake down the net corners using the "J" stakes at the end of the stake loops. See figure 1.
3. Assemble the frame poles by interlocking shock-corded poles. This will make two long poles. Insert the poles diagonally into pole sleeves. The center of the poles should cross forming an "X" in the middle of the net. See figure 2.
4. Attach the target frame. See figure 3.
